EDITORIAL POLICY

The editors of the Journal of Educational Leadership, Science, Vocational and Technology Management publish high-quality articles on current theories and practice of educational leadership across all levels and types of education.

The Journal accepts two forms of articles for publication:

1. Report of empirical studies: These should describe new and carefully confirmed findings, and details of the research methods should be given so that others can verify the work. The length of a full paper should not exceed 6,000 words (i.e., 15 A4 pages).

2. Reviews or theoretical papers: Submissions of reviews and perspectives covering topics of current interest in educational leadership, science, vocational and technology management will be accepted for publication. The length of a review paper should not exceed 15 A4 pages.

Papers published elsewhere or accepted for publication elsewhere are not accepted. Articles are published twice a year alongside one annual conference issue, and manuscripts should be submitted via email attachment to the Managing Editor, Prof. Kabiru Mohammed Badau (badaubadau@yahoo.com).

EDITORIAL

The Editorial Board of the Journal of Educational Leadership, Science, Vocational and Technology Management publishes high-quality and well-researched manuscripts of international standard. The Journal accepts contributions across all levels and types of education with implications for educational leadership, science, vocational and technology management, and maintains a zero-tolerance policy toward plagiarism.
